

MSR DE

MSR 1800 DE 1CT

The MSR DE offers 1800 watts of power but has the same dimensions as an MSI 1200W lamp, enabling fixtures to combine power with compact design. Or, to put it another way: it gives more light for more punch. The MSR filling provides a pure, white light and high consistency color impression over MSR range, it also ensures a stable color temperature over its entire lifetime.
